

## Module-6: Ansible Assignment - 2

You have been asked to:

- Create a script which can add text “This text has been added by custom script” to /tmp.1.txt

```
nano script1.sh
```

```
    echo "This text has been added by custom script" > /tmp.txt
```

Playbook script:

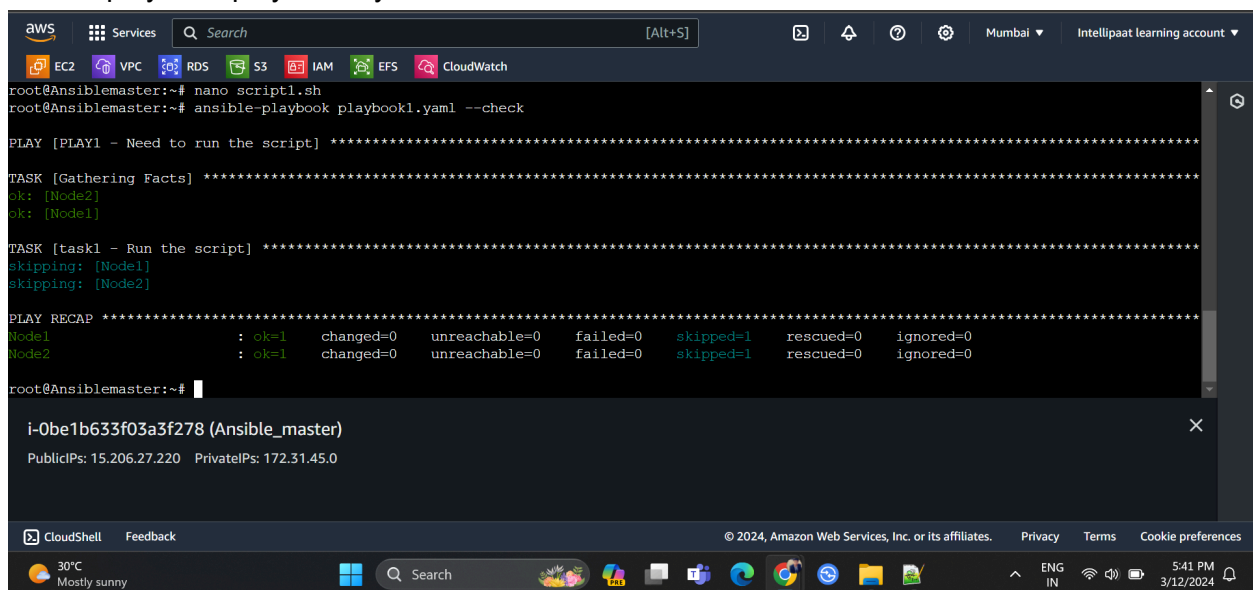

----

- name: Play1 - need to run the script
- hosts: all
- become: true
- tasks:
  - name: run the script
  - script: script1.sh

- Run this script using Ansible on all the hosts

```
ansible-playbook playbook1.yaml --check
```

```
ansible-playbook playbook1.yaml
```

```
